ALIENATED

I laughed so hard reading "Alienators" it gave me a STOMACHACHE...
Uh-oh!

Bill Marchetti
Kingston, NY

Thanks for saving me a bundle! I hadn't seen "Ferris Bueller's Day Off," "The Karate Kid Part 2" or "Aliens." And now, thanks to your stupid satires, I don't want to!

Sam Stanke
West Salem, WI

DEVIL MAY CARE

Many have written you, telling you of the satanic overtones and all-around garbage and stupidity always exposed to the unaware, innocent sheep that might read your trash.

I am God's holy messenger, sent by the father to warn you not to publish another magazine of this nature. If you do not heed this warning you will be severely punished.

I fully realize this is asking an awful lot of you, but like I said, it is the order of God that commands you to stop this dastardly deed. A fool and his life are soon parted. Amen!

Marion Sullivan
Brewerton, NY

Okey dokey!—Ed.

WE STAND CORRECTED

On your letters page in MAD #268 you printed a cartoon of Pres. Reagan on a tightrope. That cartoon ran in the *Durham Morning Herald* in August, 1983, a good SIX MONTHS before MAD #246 went to press. I know, because I DREW IT! So who's ripping off whom? Even under these circumstances, it's nice to have a drawing in the pages of MAD!

V. Cullum Rogers
Editorial Cartoonist
Durham Morning Herald

Ah ha! Just as we planned! You've fallen into our trap! We only claimed that we were ripped off so that you would come forward and receive your due recognition in a prestigious national publication such as ours. Now, truly, you will be remembered as one of the great cartoonists of our time. Congratulations!—Ed.

LATIN UP

The first time I saw a Latin word in MAD ("A MAD History of Communication," #224) I thought it was a fluke. But now I see THREE Latin phrases in the artwork of "Fearless Buller's Day Off" (MAD #268), and I'm suspicious. Are you guys more intelligent than you let on?!!

Neil A. Sheaffer
Casaday School Latin Teacher
Oklahoma City, OK

Yes, we is.—Ed.

ALL KEYED UP

I enjoyed your "Typewri-Toons" in MAD #268 as much as the originals you published in 1962. I can't wait for the third installment in 2010!

Philip Carone
Staten Island, NY

You and the millions of other loyal "Typewri-Toon" fans will be glad to know that due to overwhelming response, we've pushed up the third installment of this incredibly beloved feature from 2010 to 2007!—Ed.

"Golden Girls" Rue McClanahan, Bea Arthur, Estelle Getty and Betty White take a gander at our tarnished spoof of their hit series in MAD #263!

INTERCONTINENTAL BALLISTIC MISSIVE

I was inspired by your "Garbage Pail Adults" in MAD #265. Here is a drawing of my own. Enjoy it!

THE JOCK'S ON US

In the "MAD Guide to Various High School Types" you said jocks were dumb. Well I'm a jock and I make A's and B's mostly. So, what I want to know is, what would you call me?

Jeff Flanagan
Westlake Village, CA

What would we call you? A foolish, boorish, blithering, inconsequential, idiotic, over-dressed, tall, drooling, vapid quishling! But nothing personal...—Ed.

MORON MAIL

Has it escaped your attention that Wisconsin is the Cheese Capital of the World?

Dan DiLoreto
Rochester, NY

Your letter deserves no response. Oops!—Ed.

Among the "Usual Gang of Idiots" I happen to like Dave Berg the best. His biting satire into our everyday lives is hysterical, yet it is provocative because it makes one think and reflect on life.

Scott Swanson
Naperville, IL

Good choice! Dave is our top idiot!—Ed.

HOKEYWOOD

NEW STUNT MAN IN TOWN.

I'm **Tom Crude!** When I heard that in "The Color of Monotony" I'd be playing a **Pool Shark**, I almost turned down the part! I thought it was a **dumb sequel** to "Jaws." Then I found out it was a **dumb sequel** to "The Hustler," so I jumped at the part!

I'm **Kathleen Turnon.** Lots of critics have said that my new movie, "Peggy Stewed," is just like "Back to the Future"! But really, it's different! "Back to the Future" was about a guy! "Peggy Stewed" is about a girl!

I'm **Appalled Neuman!** In my new movie, "The Color of Monotony," I take the corn I usually pop and sell (along with my delicious salad dressing) and put it on the screen, cleverly disguised as big-time entertainment!

I'm **Whoopi Goldbrick!** In my new movie, "Jumbled Joke Flash," I almost get as many laughs as I did in "The Color Purple"! In this film I play a loud-mouthed computer programmer whose bark is worse than her byte! The film is rated "R," because of my \$%&*% RAUNCHY language!

THREE MONTHS INTO THE SCRIPT THEY TELL ME...

HOW WAS I TO KNOW?

WHOOPI GOLDBRICK IS NOT A JEWISH GIRL FROM LONG ISLAND.

...I FEEL LIKE A PUTZ!

ARTIST: MORT DRUCKER

JUMBLED JOKE FLASH

Damn! I can't **communicate** with the **spy** on my computer until I find his **code**! It's supposed to have something to do with a **Rolling Stones** song, but I've tried every **\$%&* word** in every **€&*(€** lyric and nothing worked!

Why don't you try some of the **four-letter** words you're always using?

That's it! You solved the **@#\$\$%** mystery! His **code** word is **@#\$\$%***! Boy, talk about a **computer CURSOR**!

Mr. Tallbit, I have an important **message** from **Jumbled Joke Flash**: "A sleeping dog can't fly without an **umbrella**!"

I agree! Especially if your dog is going to **London**! Have him take an **umbrella** and **raincoat** before he **flies**! Terrible weather, you know!

Maybe the ***&€\$** message **lost** something in the **\$\$€#** translation!

WRITER: DICK DEBARTOLO

I got the **frying pan** from your apartment like you told me and tried **calling** the **name** on the bottom, but there was no **Revere Ware** listed in the **phone book**!

Revere Ware is the manufacturer of the **pot**! Scour the bottom of it for the **names**! Try using **Brillo**, **steel wool** pads or something **abrasive**.

Okay, I'll just **TALK** to the **#\$%! pot**, 'cause there's nothing that's more **#!%\$&!** **abrasive** than my **#!* mouth**!

Mr. Leader, I got your number from a **frying pan**! Sleeping dogs can't fly without an **umbrella**!

Sheep don't use **salt** on their **underwear** or **socks**!

What the **@#\$\$%\$!**

Kangaroos never face the **sun** in a **sandstorm**!

A **tall man** is **firing** a **gun**!

Hey, that sounds **logical**! It can't be **code**! Oops! It isn't **code**! They got me!

I tell you I was on the **¢%\$% dock** with a **\$#@¢** whose **number** I got off a **%\$#¢** frying pan when he got **@#¢%\$%¢** wasted!

I've heard of getting phone numbers off **phone booth walls** and **bath-room walls**! But a **frying pan?! Now that's kinky!** And watch your language lady, there are **men present!**

What kind of **police force** is this? A man is **shot and thrown in the Hudson River** and I get **arrested** while **no one examines the body?**

Yecch! Who wants to **touch anything dragged out of the Hudson?!?**

I'm with the **Spunky Corporation**. I'm the **technical expert** assigned to **fix your computer terminal**.

With a **baseball bat?!?**

That's for **openers**. If the bat doesn't **work**, I have a **grenade in my toolbox!**

Hey, Joke, some guy posing as a repairman just tried to **wreck my terminal!**

That's **spy biz!** Listen, I have another favor. I want you to attend the **Queen's Ball**. Do you have a **tuxedo?**

No, but I have an **evening gown!**

An evening gown?!? Yipes! Are you a woman or is my life in the hands of some flaky transvestite?!?

She looks like a girl dressed like **Diana Ross!**

She looks **more** like a guy, dressed like a girl, dressed like **Diana Ross!**

Let's let her in before a girl dressed like **Julio Iglesias** shows up and they start singing a **duet!**

This episode of "**Benny Hill**" is a **scream!** He's always **hilarious** when he dresses in **drag!**

Yeah, but let's try to **adjust the color** on the set! It's **way off!**

Oops! My dress is caught in the **#!@\$ British Consulate's paper shredder!**

Someone must know I'm in **touch** with **Joke** and they came here looking for the **code key!** Damn! The **sadistic son-of-a-#%\$¢** **straightened up** my apartment!

the Color of Monotony

Hi, I'm Past Eddie. Twenty-five years ago I beat the legendary Minnesota Farts and then I hustled pool all across the... Hey, why don't you stop wasting your time with that dumb thing and listen to me for a minute?

Dumb thing?! If I get good enough with this, maybe I can get in the Top Gun pilot's school!

Top Gun?!? Ah, ya dreamin', kid!

To get to the top, you have to be a student of people. For instance, you've got to know body language and watch for little signs that others might miss. Like your girlfriend here. Her body language would tell an expert she's got the hots for you.

How about something a little less obvious?

Okay, just by seeing the drool on my lips, an expert could tell that I've got the hots for her!

I might be old, but I still have it in the sack!

Oh, I don't know.

You kidding? When we made love, the earth moved, which is a bit more than I can say for you!

You're going to be a champ. But what does she get out of all this?

A chance to travel and see things.

Really? Like what?

Like the inside of every filthy pool hall from coast to coast!

Touring these filthy pool halls isn't so bad!
In just three weeks I've managed to cheat
people of every race and creed! Just
call me an Equal Opportunity Hustler!

You're
going to
Atlantic
City
without me.

Why
there?

Two reasons: one, there's a big
pool tournament he could enter;
and two, if he doesn't win the
tournament, he's pretty enough
to win the "Miss America" title!

Now that I've ditched the kid and broad,
I've got to get back in playing shape!
Then again, how much of an athlete do you
have to be to play pool? Actually the only
thing that I need now that I don't have is...

...Decent
eyesight!

How
is this?

Great! I can see perfectly!
But don't they make these
frames a little smaller?

I'm going to show you
that I'm still the best!

But I'm young and strong!
You're old and wrinkled!

Hey kid, wake
up! "Old and wrinkled" is
the newest
thing! Look...

PEGGY Got STEWED And Married

WRITER: STAN HART

Peggy Stewed,
I want
to marry
you and
change
your name
to mine.

Won't having
two people
named Churlie
around the
house be
confusing?

Sure,
but I'm
willing
to
sacrifice!

It can't work. You'll
be **unfaithful** to me
and have **affairs**
with one **woman**
after another!
We'll be miserable!

Speak
for
yourself!
That
sounds
great
to me!

Grandma, Grandpa, I've
travelled **back in time!**
I'm really a **grown**
woman with two teenage
children of my own!
Do you believe that?

We
do if
you
say
so.

That's
what
I
call
"love"!

The
doctor
calls
it
"senil-
ity"!

Peggy Stewed,
we're
sending you
back to the
1980's!

It's
not
going
to work!

How
do
you
know?

Trust
me!

Okay, Churlie, I
accept your mar-
riage proposal
despite all the
pain the future
holds for us.

Great!
We'll be a
typical
married
couple!

But we'll only be
happy for a short
time and then we'll
be involved in a
bitter divorce.

What
could
be more
typical
than
that?

We
almost
lost you,
Peggy
Stewed!

Why
is
that?

'Cause **nobody** bothered
to look for you!
You're not as popular
as you think!

I had a **strange** dream
that I went **back in**
time. I wonder if
anyone else ever had
such an **odd** dream?

A few issues back, MAD examined the issue of whether rock albums should bear special warning labels if they contain references to drugs, violence, obscenity, etc. We felt that it was a vital debate on a vital topic. We also felt that the article served a vital role in bringing this vital issue out into the open. And others agreed! Everytime we showed someone the article they kicked us in the vitals! But we here at MAD never flinch, so now we present with pride...

What happened to the millions of tons of grain we sent to feed your people?

Unfortunately, we have no way of distributing the grain to the peasants.

Why not use the trucks the U.S. sent you?

We can't! One of my generals sold the trucks to the rebels! But doan worry, he ees no longer weeth us.

You shot the traitor?

We don't shoot heem! We are not savages! He's leeving in exile in his condo een Miami. It's right next to mine!

Was the wheat sold on the black market?

Black market, white market, what ees the difference? In my country we are not prejudiced!

Your guys are trained by the U.S. army! How come they can't beat a handful of rebels?

The rebels have got the latest sophisticated weapons!

You mean the stuff the Russians sent them is better than the stuff the U.S. gives you?

They don't got Russian weapons, they got American weapons.

Are you selling American guns on the black market?

No, they capture them from my soldiers! American weapons are very heavy!

Si, 'specially when you're running away!

Can't you officers stop your soldiers from running away? What about orders?

They follow the officers! That ees why they are running away!

Watch out! Here they come again!

That's your army?!? I thought it was a marathon race.

A recent study has indicated that only one in twenty-three people actually read a Mad article's introduction. So, if you are reading this introduction right now, you're only one in twenty-three! But don't feel bad—the same study determined that two out of three Mad readers have watched the TV show the following satire is based on more than once! We find that news...

PERFECTLY

I'm **Bulki Barfonomus**! I really love Amerika, the land of opportunity! Only in Amerika can someone do what I did—take a **two-minute bit part** in a movie like "**Beverly Hills Cop**" and parlay it into **my own TV show** on the strength of my "**acting skills**"!

And I'm **Leery**, **Bulki's distant cousin**! Unfortunately I wasn't **distant enough**—**Bulki found me!**

I'm **Mr. Twinkiesetter**! I own this **second-hand store** in this **second-hand building**! The only thing I don't own is this **character** I play! That's **second-hand**, too, **stolen** from the role of the mean, rotten boss Louie on "**Taxi**," remember?

Bulki certainly **didn't forget**—he stole the **Latki character's "foreign act"** from the same show!

Not to mention the "**alien in a strange land**" bit from "**Mork and Mindy**"...

...and the "two incompatible guys living together" routine from the "Odd Couple"!

Oh yeah? Well if either one of those creeps becomes a black pediatrician I'll haul 'em into court!

Cousin Leery, I am puzzled by something! Why is every time I say something I always hear laughter in background?

Because we also have second-hand canned laughter!

So we really don't have to be funny to get laughs!

And since we really aren't funny, it all works out great!

What're you two pea brains talking about?

I don't have got no pea brain!

You're right! I'm giving you too much credit! What are you two split pea brains talking about?

That's more like it!

That's other thing I like about this country, Cousin Leery—you can speak up to the man who is boss and get him to treat you better!

When someone says "You have a split pea brain," it's not better than saying "You have a pea brain!"

Of course is better! Since the American people are told when to laugh by canned laugh track, we get two laughs for same unfunny line!

Hey! That's right! Bulki, you sure learn fast!

Now all we need to complete the formula is a "topper"!

Here is topper—"Wow, I didn't know that, cousin Leery!"

That's the topper?

Yes! It's my adorable accent that makes it work!

It's quitting time! You two can go home now!

Is only ten after nine! We have just open store, Mr. Twinkiesetter!

Ten minutes of that adorable accent is enough for me! Take the rest of the day off!

This is great! Now we've got time to go to the supermarket!

Oh boy! This first time I shop in big city supermarket! Which one we go to, Cousin Leery?

For you two? Where else but the A & Pea-brain!

Hey! Mr. Twinkiesetter come up with "topper" topper!

Isn't that precious—the two of your are going shopping! I can just imagine what else you "boys" do together in the privacy of your own home!

Hold it! We're just roommates! Believe me, there's no funny business going on there!

Oh, I believe you! After hearing these "witty exchanges," there's no funny business going on here, either!

Wow! Behold such a super supermarket! They even have place for husband and wife to have their baby!

What? Where do you see that?

Over there! See sign? Clearly says "Produce Section"!

Used to be, only the phone company was in the phone business. But that made too much sense! So the government opened the field to anyone who could make the sound of a dial tone! The hot competition led to new services, like "memory dialing" and "call forwarding." We at MAD bet things will get even more advanced—or, as we like to say, "They have the technology; they can make it better!" Or can they?? Judge for yourself as you take a look at some of the

DISGUISE-A-PHONE

One press of a button instantly changes your voice into someone else's. Special fine tuning lets you re-create any voice perfectly. This device is invaluable for making authentic-sounding excuses in business, school and personal relationships.

DISTORTION-PHONE

If all your old friends live out of town, you probably spend hours and hours on the telephone. But you probably hate outrageous phone bills! Get Distortion-Phone!

Call your friend long distance and switch on Distortion-Phone. Speak normally. Its special circuits make your voice almost unintelligible.

That's all there is to it! Sit back and relax. Your friend calls you back, and you only pay for the 20-second initial call!

TRANSLATE-A-PHONE

Hello, Moishe's Kosher Deli? Send up two knishes, one matzo ball soup, and...

With so many foreigners in the U.S., phone conversations are getting confusing, if not impossible! This little invention makes crazy vowels fun. It translates any language from speaker to receiver, and vice versa, faster than you can say, "Tomber my pantaloni!"

PROXY-PHONE

Get to bed before 11PM and still save on long distance. Proxy Phone will place the call for you after rates go down. Just pre-record your message and program the number you want called. Great for beating the difference in time zones!

METER-PHONE

The donkey ran out when the cops arrived —can you believe it? Jim was still unconscious and he was sitting on my—*CLICK!

Time is money! Keep track of every last penny with Meter-Phone. It tells you second by second how much you're spending. End mindless chatter. Set the alarm at a certain amount, for example, and cut your sister off at \$2.00!

THINK-PHONE

Enjoy total privacy during calls. A surgical technique, similar to the one used for pacemakers, implants a tiny Think-Phone receiver/transmitter in the skull. Calls are made over thought waves. A must for spies, obscene phone callers and slobs who talk with their mouths full!

TAP-A-PHONE

This money-saving device looks exactly like a piece of phone company equipment—but it's really a remote receiver. When it's clamped on someone else's line, you can make as many calls as you like, and the charges go to the tapped party!!

DESTRUCT-A-PHONE

This handy attachment should cure certain phone abuses that have become all too common. Its special circuitry activates the moment a caller is put on "hold." If five minutes pass and the caller is still waiting, a severe electrical charge surges through the phone lines, shattering the telephone of the schmuck who put you on "hold." (The Deluxe model can be set to explode at the first sound of Muzak.)
